

Appendix 1

Learning from Deaths Q2 24/25 Report

The following data represents the high-level reporting of deaths which occurred within our services over the period of Quarter 2 2024/25.

A more detailed report has been ratified and approved by the Quality and Safety Committee as per the Learning from Deaths Policy.

There were 8 deaths reported to the Trust and all have been reviewed in accordance with Trust policy. On this occasion, none of the deaths were within scope of this report during this period. This is because the deaths were not associated with any care delivered or harm caused by services provided by the Trust. Duty of Candour was not applicable to any of these cases.

There were 3 adult and 5 child deaths reported during this quarter, which followed the appropriate investigation processes.

We continue to promote shared learning across the health sectors and work collaboratively with our system partners to improve care within all the communities in which we provide services, focusing on addressing health inequalities on a population-based approach.

Dr Eddie Roche

Interim Executive Medical Director
Wirral Community Health and Care NHS Foundation Trust
